**AN ORDINANCE OF THE CITY OF HOBOKEN, IN THE COUNTY OF HUDSON, STATE OF NEW JERSEY, DISSOLVING THE HOBOKEN MUNICIPAL HOSPITAL AUTHORITY PURSUANT TO N.J.S.A. 40A:5A-20**

WHEREAS, the governing body of the City of Hoboken, in the County of Hudson, New Jersey (the "City"), created, by ordinance adopted on August 9, 2006, the Hoboken Municipal Hospital Authority (the "Authority") in accordance with the Municipal Hospital Authority Law, constituting Chapter 46 of the Pamphlet Laws of 2006 of the State, as amended and supplemented (the "Act"); and

WHEREAS, the Authority was formed for the purpose of acquiring, improving and managing Hoboken University Medical Center (formerly St. Mary Hospital) (the "Hospital") and did so for the period from acquisition of the Hospital through November 4, 2011, the date upon which the Authority sold the Hospital and all of it related assets (the "Sale Transaction") to HUMC Holdco, LLC (the "Purchaser"); and

WHEREAS, the proceeds of the Sale Transaction provided for (i) the defeasance of all of the Authority's outstanding indebtedness, which indebtedness was secured by, among other things, a guaranty of the City, and (ii) the maintenance of insurance policies that cover certain future claims associated with the governance of a general acute care hospital; and

WHEREAS, as part of the Sale Transaction and pursuant to bankruptcy proceedings related to the Hudson Healthcare Inc. (the "Hospital Manager"), the Authority has satisfied its obligations to the Hospital Manager and has received a general release from potential claims of creditors of the Hospital Manager; and

WHEREAS, the City has determined that as a result of the Sale Transaction, the Authority has made provision for the payment of all creditors and obligees of the Authority, and therefore it is in the best interests of the residents of the City to dissolve the Authority; and

WHEREAS, the City desires to dissolve the Authority in accordance with, and in fulfillment of, the provisions of N.J.S.A. 40A:5A-20,

NOW, THEREFORE, BE IT ORDAINED, by the City Council of the City of Hoboken, in the County of Hudson, State of New Jersey, as follows:

**Section 1. Dissolution.** In light of the Sale Transaction and the provision for the payment of all creditors and obligees of the Authority, the Authority is hereby dissolved, subject to the terms and conditions hereof.

**Section 2. Transfer of Title to All Facilities.** Upon the effective date of the dissolution as set forth in Section 3 of this ordinance, all real and personal property, facilities and contracts of the Authority and all monies and funds held by or for the Authority, if any, shall be deemed transferred to and become the property of the City. The existing officers of the Authority are hereby authorized and directed to execute any documents or instruments necessary to transfer legal title to all real property, personal property, facilities, contracts and monies and funds to the City upon the effective date of the dissolution herein, notwithstanding the dissolution of the Authority. All documents and records of the Authority shall be delivered to the City Clerk prior to the effective date of the dissolution.

**Section 3. Effective Date of Dissolution.** The dissolution of the Authority shall take effect simultaneously with the transfer of the Authority property to the City and the transfer of all funds from the Authority to the City.

**Section 4. Limitation on Actions by Authority.** Prior to the effective date of the dissolution, the Authority shall not be authorized to issue or authorize any obligations or to approve or enter into agreements without the prior consent of the City as evidenced by a resolution of the City Council; provided, however, that the Authority conduct all other business and may pay its legally due debt and bills incurred in the ordinary course without the prior consent of the City.

**Section 5. Authorization of City and Authority to Take all Necessary Action.** The Mayor, Business Administrator, Chief Financial Officer, City Clerk and other employees, as directed by the Business Administrator, are hereby authorized and directed to take any and all steps necessary to effectuate the purposes of this ordinance. The members of the Authority, its officers, employees, engineer and counsel are hereby authorized and directed to take all steps necessary to effectuate the purposes of this ordinance.

**Section 6. Approval of Local Finance Board; Filing.** This ordinance shall be submitted to, and approved by, the Local Finance Board of the State of New Jersey prior to final adoption in accordance with the requirements of N.J.S.A. 40A:5A-20 and the final adoption of this ordinance by the City shall represent conclusive proof of the fact that this ordinance has received the approval of the Local Finance Board. Immediately upon adoption of this ordinance, this ordinance shall be filed with the Local Finance Board and with the Secretary of State of New Jersey, in accordance with N.J.S.A. 40A:5A-20.

**Section 7. Severability.** If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or invalid by any court of competent jurisdiction, such decision shall not affect the remaining portions of this ordinance.

**Section 8. Repeal of All Inconsistent Ordinances.** All ordinances of the City which are inconsistent with the provisions of this ordinance are hereby repealed to the extent of such inconsistency.

**Section 9. Effective Date.** This ordinance shall take effect immediately upon the adoption hereof and shall not be subject to referendum.

CITY OF HOBOKEN  
ORDINANCE No. 2-213

AN ORDINANCE ESTABLISHING A NEW CHAPTER 169 "TREES & TREE MAINTENANCE" AND AMENDING RELATED SECTION OF THE MUNICIPAL CODE

WHEREAS, trees are an integral part of the urban landscape that provide shade and comfort to pedestrians and residents, reduce air temperatures, reduce air pollutants improving overall air quality, and reduce the amount of stormwater runoff; and

WHEREAS, studies by the U.S. Forest Service found that tree-lined streets contribute to reduce the speeds at which automobiles travel along city streets, create safer walking environments, and contribute to a 20% higher income stream for local businesses; and

WHEREAS, the Mayor and City Council find that it is in the public interest that an ordinance establishing conditions, standards and procedures for the removal and replacement of trees.

NOW, THEREFORE, be it ordained by the City Council of the City of Hoboken, County of Hudson, State of New Jersey, as follows:

SECTION ONE: ADDITION

The following Chapter is hereby added to the Municipal Code of the City of Hoboken, NJ:

CHAPTER 169  
TREES & TREE MAINTENANCE

§ 169-1 PURPOSE.

- A. It is the intent of this chapter, pursuant to N.J.S.A. 40:48-2, to promote the health, safety and general welfare of the people of the City of Hoboken by providing for the protection, regulation, planting and cutting of trees in such a way as to protect and preserve the City's environment biomass and the tree canopy which produces oxygen, provides habitat, and removes air pollutants by conserving to the maximum extent possible the tree life in the City.
- B. The Mayor and the City Council find that the indiscriminate, uncontrolled destruction, removal, and cutting of trees upon City streets and public rights-of-way has caused an increase in stormwater runoff from private property onto City streets contributing to street flooding, affecting the general health, safety, welfare, and well being of the residents of the City as well as the integrity of the natural environment and processes upon which the residents of the City depend.
- C. The Mayor and the City Council also find that the indiscriminate, uncontrolled destruction, removal, and cutting of trees upon lots and tracts of land within the City has caused increased

drainage control costs, increased soil erosion, increased buildup of atmospheric carbon and increased dust, tending to decrease the quality of life and to diminish property values in the City.

- D. Trees provide shade and comfort to pedestrians and residents, reduce air temperatures and the urban "heat island" effect, reduce air pollutants and improve overall air quality, and reduce the amount of stormwater runoff. Tree-lined streets are proven to reduce the speeds at which automobiles travel on City streets, improving pedestrian safety. Trees also contribute to the fabric of a neighborhood; create a sense of place, increase economic activity; and connect human beings and nature. Therefore, the Mayor and the City Council find that it is in the public interest that an ordinance establishing conditions, standards and procedures for the removal and replacement of trees, and for the preservation of mature vegetation be enacted by the City.

### § 169-2 FINDINGS.

- A. With an ever growing population in the City, it is absolutely essential to our citizens to remove pollution from our air. It takes approximately twenty (20) mature trees to clean the air of gases produced from vehicular traffic consuming five (5) gallons of gasoline. Healthy trees greatly assist in the battle against air pollution since moist tree foliage traps dust and soot particles until the rain washes them away. Trees also capture carbon dioxide, a by-product of the combustion of organic fuel materials.
- B. Properly planted and nurtured trees are also needed to create sound barriers to help in the reduction of the noise level created by vehicular traffic, train traffic and ultimately the noise which is created by the general density of human beings within the City.

### § 169-3 DEFINITIONS.

As used in this chapter:

*ADMINISTRATIVE OFFICER* means the Director ~~or other Administrative Officer~~ having charge of the Department of Environmental Services or his/her designee.

*DIAMETER AT BREAST HEIGHT (D.B.H.)* means diameter of tree measured at breast height, approximately four and one-half (4.5) feet from the ground.

*DRIP LINE* means a limiting line established by a series of perpendicular drop points marking the maximum radius of the crown of an existing tree but not less than eight (8) feet from the trunk, whichever is greater.

*PERSON* means any individual, firm, co-partnership, association, corporation, limited liability company, limited liability partnership or developer, other than the City.

*PROFESSIONAL FORESTER* means one who has a minimum of a Bachelor's of Science degree in forestry from a four-year college accredited by the Society of American Foresters or who is accepted by and listed with the NJDEP as a professional forester pursuant to N.J.A.C. 7:3-2.

*RECOMMENDED TREE SPECIES* means the species of trees acceptable for use in planting in the City. A list of recommended trees species shall be maintained by the Shade Tree Commission and shall be reviewed and approved periodically by the Commission. Species not shown on the list of comparable attributes may be approved for use as equivalent substitutes. Native and urban tolerant tree species are preferred over other tree species for equivalent substitutes.

*RECOMMENDED TREE SPECIES LIST* means a list of recommended trees species maintained by the Shade Tree Commission, and reviewed and approved annually by the Commission, and made available on the City's web site.

*REPLACEMENT TREE* means a nursery grown certified tree, properly balled and burlapped and marked with a durable label indicating genus, species and variety, having a minimum caliper of two and one-half (2 1/2) inches measured at D.B.H. A replacement tree shall be selected from the recommended tree species list.

*SPECIMEN TREE* means any tree with a D.B.H. of sixteen (16) inches or greater.

*SHADE TREE COMMISSION* means the Hoboken Shade Tree Commission (HSTC) as established by the governing body in accordance with N.J.S.A. 40:64-1.

*TREE* means any deciduous or coniferous species which reaches a typical mature height of ten (10) feet or more. An individual tree for the purpose of this chapter has a D.B.H. of four (4) inches or greater. A specimen with multiple trunks will be considered an individual tree with a D.B.H. of one-half (1/2) of the sum of the diameters of the trunks.

*TREE REMOVAL PERMIT* means a permit to remove trees issued by the administrative officer after review and approval of application for removal and replacement of trees by those parties with jurisdiction.

*TREE REPLACEMENT PLAN* means a plan for replacement of removed trees in accordance with the provisions of this chapter.

*WOODED AREA* means any natural cluster or clusters of trees and vegetative undergrowth. Street trees, parking lot landscaping trees, and landscaping surrounding a building or structure that were planted in connection with prior development shall not constitute a wooded area.

## **§ 169-4 PROTECTION OF TREES.**

### **§ 169-4.1 Damage from Electrical Wires.**

Any person, firm or corporation having control over any wire for transmission of electrical current or other essential utility along a public street or right-of-way, or upon any City or private property shall at all times guard all trees through which or near which such wires pass against any injury from wires or from electrical current carried by them. The device or means used shall in every case be subject to the approval of the Shade Tree Commission.

### **§ 169-4.2 Contact of Trees with Injurious Substances**

No person, firm or corporation shall permit any brine, gas or injurious substance to come into contact with the stem or roots of any tree or shrub upon a public street or right-of-way, or upon any City property.

### **§ 169-4.3 Interference with Lawful Work Prohibited.**

No person, firm or corporation shall prevent, delay or interfere with any lawful work undertaken hereunder by the Hoboken Department of Environmental Services or other employees of the City.

**§ 169-4.4 Hitching of Animals; Injury by Animals.**

No person, firm or corporation shall hitch or fasten an animal to any tree or shrubs on a public right-of-way or to any guard or support provided for same, nor permit an animal to bite or to otherwise injure any such tree or shrub.

**§ 169-4.5 Locks.**

No person, firm or corporation shall attach a lock, including bicycle locks to any tree or shrub on a public right of way.

**§ 169-4.6 Garbage.**

No person, firm or corporation shall place garbage or trash within one foot of a tree pit .

**§ 169-4.7 Tree Preservation During Construction.**

- A. No soil shall be deposited or removed within the drip line or within eight (8) feet, whichever is greater, of any existing tree trunk. No machinery or materials shall be sorted, deposited, cleaned or operated within the drip line or within eight (8) feet, whichever is greater of any existing trunk.
- B. Drip lines of specimen trees and isolated groupings of trees which are to remain on site shall be clearly protected by snow fencing.
- C. The grade of the land located along the drip line shall not be raised or lowered more than six (6) inches unless compensated for by welling or retaining methods and in no event shall the welling or retaining wall methods be less than eight (8) feet from the trunk of the tree.
- D. All debris created during tree removal and replacement shall be removed from the site for disposal before any certificate of occupancy shall be issued.
- E. Where clearing and construction on the site results in accidental removal or severe damage of any tree delineated in the replacement plan as remaining on the site, each removed or damaged tree shall be replaced on a one for one basis by a tree of the same caliper as the one damaged or of as large a caliper as can be accommodated by the planting site and approved by the Shade Tree Commission.

**§ 169-5 MAINTENANCE AND REMOVAL OF TREES.**

**§ 169-5.1 Administrative Officer and Shade Tree Commission Authorized to Maintain or Remove Certain Trees.**

The Administrative Officer and the Shade Tree Commission shall have the power to:

- A. Require the removal of any tree or part thereof dangerous to public safety at the expense of the owner of such tree;
- B. Remove any tree or part thereof dangerous to public safety at the request and expense of the owner of such tree;
- C. The Administrative Officer shall have the power to contract with the owner of any real estate in the municipality to supply him or her with material and labor for the purpose of removing trees in accordance with this section, and to charge the actual cost thereof to such owner. If after such

material or labor is supplied, and payment is not made on demand, the Officer may certify the actual cost thereof to the Collector of Taxes, whereupon the sum so certified shall be collected by the Collector as other taxes on real property are collected in the City.

#### § 169-5.2 Permission Required for Certain Acts.

A. No person shall do or cause to be done upon trees, in any right-of-way, public street, road or highway within the City without first obtaining written permission from the Administrative Officer any of the following acts:

- 1) Cut, trim, break, climb with spikes, disturb the roots or otherwise intentionally injure, misuse or spray with harmful chemicals or remove any living tree or remove any device installed to support or protect such trees;
- 2) Plant any tree;
- 3) Fasten any rope, wire, electrical equipment, sign or other device to a tree or any guard about such a tree or shrub;
- 4) Close or obstruct any open space provided at the base of a tree which open space is necessary to permit the access of air, water or fertilizer to the roots of such tree;
- 5) Pile, heap or store any building material, soil, debris or any other matter or make any mortar or cement within a distance of six (6) feet of a tree.

B. No person shall cut, trim or remove portions of a tree originating on the property of another person, firm or corporation without that person, firm or corporation's express approval, or without approval from the Shade Tree Commission.

C. During the period of construction or repair of any building or structure or in the construction or repair of a street, road, and highway not yet dedicated to the City, the owner thereof or the contractor shall take every precaution to place guards around all nearby trees on City land or within public rights-of-way so as to effectively prevent injury to such trees. The owner and/or contractor shall each be responsible for the placement of such guards or guardrails and failure to make adequate provision for the protection of the trees shall subject the owner and builder to a penalty as hereinafter provided.

#### § 169-5.3 Trees on Public Roadways.

Where any person, business entity, association, trust, organization, or utility desires to control the growth of trees on a public street or right-of-way by removing them or pruning the trees, then the person, business entity, association, trust, organization or utility, or agent thereof, shall apply for approval to the Administrative Officer and shall outline the work to be performed. If the applicant fails to comply with the order of the Administrative Officer, the applicant shall be subject to the penalties as hereinafter provided.

#### § 169-5.4 Destruction of Trees.

No person shall cut, remove or destroy, or cause to destroy, any tree growing on streets, in public places, parks and parkways within the City of Hoboken without having first obtained a permit as provided in this chapter.

## § 169-6 EXEMPTIONS FROM TREE REPLACEMENT.

The following activities are exempt from the tree replacement element of this chapter:

- A. Cutting, pruning and removal of trees in utility rights-of-way and easements by utility companies and agencies having jurisdictions over the respective utility;
- B. Removal of trees which are diseased or trees which have suffered severe damage. Any tree whose angle of growth makes it a hazard to structure or human life;
- C. Any trees removed pursuant to either a New Jersey Department of Environmental Protection ("NJDEP") or Environmental Protection Agency ("EPA") approved environmental clean-up or an NJDEP approved woodlands management plan.
- D. Where no trees are being removed, no application need be submitted. A signed and sealed letter from applicant's engineer certifying that no trees are being removed shall suffice.

## § 169-7 TREE REMOVAL PERMIT.

### § 169-7.1 Procedure for Obtaining a Tree Removal Permit When Approval from Zoning or Planning Board Is Not Required.

- A. For the removal of trees (i) not in conjunction with an application for development of property involving minor or major subdivision or site plan, or (ii) where the approval of the Planning Board or Zoning Board of Adjustment is not required, application shall be made to the Administrative Officer, on a form approved by the Shade Tree Commission, and available in the office of the Administrative Officer, the office of the City Clerk, and on the City web site.
- B. The Administrative Officer shall review the submitted information and determine what effect the proposed tree removal will have on the subject property. The Administrative Officer shall certify that the information contained in the application is accurate. If the proposed removal does not violate the below listed criteria, a tree removal permit, in a form to be established, shall be issued by the Administrative Officer. If the proposed tree removal does violate one of the below listed criteria, the matter shall be referred to the Shade Tree Commission which had or would have jurisdiction in accordance with subsection § 169-7.2
- C. A tree removal permit issued by the Administrative Officer under this subsection shall be valid for one (1) year from the date of issuance. It shall be displayed or available for inspection at the site where tree removal and replacements are to take place. Any person may examine an application for tree removal permit on file with the Administrative Officer upon request made in writing or in person to that officer.
- D. Tree Removal Criteria.
  - 1) The tree removed is not located within a buffer area as required by the zoning ordinance for the zoning district in which the property in question is located;
  - 2) The tree to be removed is not located within a tree save area or buffer area as delineated and/or specified on a previously approved site plan or subdivision plan for the property in question;

- 3) The tree to be removed was not required to be planted by a previously approved application and/or landscape plan to provide screening or buffering for a building or structure located on the property in question or on an adjacent parcel of land.

**§ 169-7.2 Procedure for Obtaining Tree Removal Permit When Approval from Zoning or Planning Board Is Required.**

- A. For the removal of trees in conjunction with an application for development of property as either a minor or major subdivision or site plan, or in any other form of development where the approval of the Planning Board or Zoning Board of Adjustment will be required, the applicant shall submit to the Board simultaneously with the application for approval of such development in a form and manner which complies with the City's Land Use Regulations;
  - 1) A plot plan consisting of a map having a scale not greater than one (1) inch equals fifty (50) feet showing clearly marked boundaries of the site, the location of all trees within the boundaries of the site and any trees outside of the site but within twenty feet (20') of the boundaries of the site, and all trees to be removed. The map shall be prepared by a professional architect, landscape architect, planner, engineer or surveyor licensed in the State of New Jersey and authorized pursuant to law to submit such plans. The map or site plan shall also show:
    - a) Locations of slopes greater than ten (10%) percent where any tree removal is proposed;
    - b) Total area of the tract in square feet;
    - c) Locations on the tract where tree removal is to take place;
    - d) A list identifying the species and common name of each tree, the number of trees of each species and the size in D.B.H. of trees in the plot;
    - e) A list identifying the species and common name of each tree, the number of trees of each species and the D.B.H. of each tree which is to be removed;
    - f) A specific replacement plan for the replanting of removed trees in accordance with Section § 169-8;
    - g) When a subdivision is to be created by the application, individual plot plans shall be prepared showing the location of trees to be removed and replaced.
- B. The Planning Board or the Zoning Board of Adjustment shall forward the proposed tree removal and replacement plans to the Shade Tree Commission. The Commission shall certify that the plan is accurate and so advise the Planning Board or Zoning Board of Adjustment. The Shade Tree Commission shall further provide detailed comments and recommendations to the Planning or Zoning Board for incorporation into conditions of approval.
- C. A copy of the ~~signed~~ Resolution of Approval and a copy of the ~~fully executed site plan~~ approved Tree Plan incorporating all conditions, and signed by the approving Board chair of approval shall be submitted to the Administrative Officer before a tree removal and/or planting permit shall be issued.

- D. The tree removal and/or planting permit issued by the Administrative Officer shall be valid so long as the approved application is valid. The removal or damage to trees not approved for removal shall be considered a violation of this chapter.
- E. Any substantial change in a tree removal and replacement plan shall necessitate the submission of a revised plan to the Shade Tree Commission for review.
- F. The tree removal permit issued by the Administrative Officer shall be displayed or be available for inspection at the site where tree removal and replacement is to take place. Failure to display or make available the tree removal permit at the site of removal shall be a violation of this chapter. Any person may examine the application for tree removal permit on file with the Administrative Officer upon request made in writing or in person to that office. Copies of the application submission shall be made available at the usual charge.
- G. ~~Prior to the issuance of a building permit by the Construction Official, the developer shall designate on all relevant lots, the trees to be retained which designation shall be based upon the tree removal permit.~~ Prior to obtaining a demolition or building permit, the developer shall clearly mark for identification all trees to be retained, and shall provide protective barriers for those trees, as may be necessary.
- H. Prior to the issuance of the certificate of occupancy, the Construction Official shall receive a release from the Administrative Officer ~~or his or her designee~~ confirming that all trees to be retained ~~and all trees to be planted or replaced on site under the tree removal permit~~ are in fact in existence, or that appropriate funds have been deposited as a bond or in escrow with the Shade Tree Commission to address planting at a later date when weather conditions permit, and that all debris (slash) generated as a result of these activities has been removed.

**§ 169-8 REPLACEMENT REQUIREMENTS AND FORMULAS.**

For all replacement requirements, the following formulas shall apply:

- A. For trees with a D.B.H. equal to or greater than four (4) inches and less than twelve (12) inches, replacement shall be one for one.
- B. For trees with a D.B.H. equal to or greater than twelve (12) inches, the removed tree shall be replaced:

Existing Tree to be Removed	Number of Replacement Trees (min. size 2.5" caliper)
Less than 14"	3
More than 14" but less than 17"	4
More than 17" but less than 20"	5
More than 20" but less than 23"	6
More than 23" but less than 26"	7
More than 26" but less than 29"	8
More than 29" but less than 32"	9
More than 32" but less than 35"	10
More than 35" but less than 38"	11
More than 38" but less than 40"	12
40" or greater	13

- C. The species or type of replacement tree(s) and the mix of replacement tree types (deciduous, coniferous) shall be determined by the Shade Tree Commission and selected from the recommended tree species list.
- D. On parcels to be developed where less than ten (10%) percent of the site is permeable, in addition to any trees that must be replaced or provided under this chapter, there shall be required the addition of one (1) tree for every five hundred (500) square feet of new or reconstructed impervious coverage. Vegetation incorporated in a landscaping plan or trees required for rights-of-way may not be credited toward this requirement.
- E. The applicant may provide replacement trees of a caliper size larger than two and a half (2.5) inches and receive tree replacement credit on a tree replacement plan as set forth below:

Size of Tree Value	Replacement Value
Minimum 2.5" caliper	1.00
Minimum 3.0" caliper	1.25
Minimum 3.5" caliper	2.00
Minimum 4.0" caliper	3.00

For example, if twelve (12) 2.5" replacement trees are required, the applicant may provide any one of the following combinations of trees:

Twelve (12) trees of minimum 2.5" caliper:	[12 trees x 1.00 (replacement value) = 12 trees]
Ten (10) trees of minimum 3.0" caliper:	[10 trees x 1.25 (replacement value) = 12.5 trees]
Six (6) trees of minimum 3.5" caliper:	[6 trees x 2.0 (replacement value) = 12 trees]
Four (4) trees of minimum 4.0" caliper:	[4 trees x 3.00 (replacement value) = 12 trees]

Further, where approved by the Shade Tree Commission, the applicant may provide coniferous evergreen replacement trees of a height between six (6) feet to ten (10) feet and/or dark arborvitae replacement shrubs of a height between eight (8) feet to twelve (12) feet and receive a one (1) for one (1) tree replacement credit on a tree replacement plan.

#### § 169-9 ON-SITE REPLACEMENT WAIVERS.

- A. All required replacement trees shall be planted on the site from which trees were removed. A waiver from any portion or all of the required-on-site replacement shall be granted by the Shade Tree Commission, if the applicant has adequately demonstrated to the Commission that practical physical difficulties associated with the subject property that were not caused by the applicant and/or undue hardship related to the unique conditions of the site from which trees are to be removed preclude strict compliance with this chapter. The comments and recommendations of the Planning Board's professional planner and/or engineer may be solicited in determining whether the requested waiver is appropriate.

- B. In lieu of replanting trees on the removal site, the applicant shall have the option of planting replacement trees of type(s) selected by the Shade Tree Commission from the recommended tree species list at an off-site location chosen by the Commission having jurisdiction in consultation with the Department of Environmental Services. Such off-site locations shall be public property and rights-of-way, including, but not limited to public parks, public schools and public buildings.
- C. For those excess trees that cannot be planted on the site, the applicant may make a contribution to be deposited in the City's tree fund escrow as established by this chapter. The contribution, in lieu of planting of trees, shall be one-thousand, five hundred (\$1,500.00) dollars per tree. Applicants shall demonstrate their ability to plant as many trees on the site as reasonably practicable as determined by the Planning Board's professional planner and/or engineer. After a showing that the applicant can place no additional plantings on the site, the remainder shall be available for contribution in lieu of such plantings, subject to the recommendation of the review board's professional planner and/or engineer.

#### § 169-10 BONDING FOR REPLACEMENT TREES.

The applicant shall post a bond covering fifteen (15%) percent of the cost of the tree replacement plan, including all labor costs, prior to the final engineering approval for the release of the performance guarantees, if any. The bond shall be held for two (2) growing seasons after the cessation of construction or land disturbance on the site. Funds shall be used to replace trees which die or are damaged during this two (2)-year ~~growing season~~ period in the event that the applicant fails in his, her or its duty to replace trees. If the City replaces trees under this provision, all administrative fees to cover the City's costs including the cost of replacement trees, labor, and materials shall be deducted from any amount of funds to be returned to the applicant. Any unused funds shall be returned to the applicant at the end of the two (2) year period.

#### § 169-11 TREE FUND.

- A. There shall be established by this chapter a Municipal Tree Fund for the purposes set forth in this chapter.
- B. All funds collected as contribution in lieu of replanting trees shall be payable to the "Hoboken Tree Fund" and deposited into an escrow account clearly designated as the "Hoboken Tree Fund." Funds so deposited shall be used solely for the following purposes:
- 1) The planting of trees or other landscaping in public parks, property surrounding public buildings and rights-of-way.
  - 2) Park improvements, including landscape improvements, retaining walls, landscape irrigation systems, park benches, bollards, landscape lighting, site lighting (excluding sport event lighting) pathways and playground equipment; provided, however, that at no time shall more than thirty (30%) percent of the outstanding account balance on an annual basis be utilized for such park improvements; and
- C. The Hoboken Tree Fund shall be administered by the Director of Finance. The Director of Finance shall report (listing by date for the report period) to the City Council, the Planning Board, and the Shade Tree Commission, on a quarterly basis, the amount in the Fund as of the end of each quarter, the amount deposited by each development application or other

contribution, and all amounts dedicated from the Fund for use for the purposes described in Section §169-11B for that period. Such reports for any period shall be filed with the City Clerk and made available as a public record to residents who request them in writing pursuant to the Open Public Records Act.

- D. Any and all appropriations from the Hoboken Tree Fund shall be made by the Shade Tree Commission with the advice and consent of the City Council, upon recommendation and report from the Shade Tree Commission as to the inventory of locations needing remediation based upon the removal of trees at those locations nearest the site which had generated the funds.

#### § 169-12 TREE PLANTING STANDARDS.

The following standards shall apply to any person, firm or corporation wishing to plant a tree upon any City sidewalk or along any public right-of-way. All planting is subject to approval and permitting by the Administrative Officer.

##### § 169-12.1 Street Trees

- A. Only trees which are identified on the Shade Tree Commission's *Recommended Tree Species List* shall be selected.
- B. The minimum caliper of trees shall be 2.5 to 3.5 inches.
- C. Use trees of similar form, height and character along a street to promote uniformity. Trees should be planted in groupings of similar varieties, although monoculture plantings are discouraged.
- D. The mature height and spread shall be considered to ensure that it will not interfere with existing or proposed structures and overhead utilities.
- E. Trees shall not cause interference with streets, sidewalks, driveways, and other paved surfaces, or affect water and sewer lines or underground drainage systems or sight triangles.

##### § 169-12.2 Spacing and Location.

- A. Recommended spacing is 25 feet on center. Actual spacing may vary due to local conditions. Consideration will be made for species, utility lines, streetlights, fire hydrants, underground vaults, bus stops, and other existing street furniture.
- B. Spacing of existing trees may determine the spacing standards for new street trees on the same block frontage.
- C. Street trees shall be spaced evenly along the street; however, if a specific effect is desired the trees may be massed at critical points or shall be a combination of both. If columnar trees are to be planted, the spacing may be closer. All tree spacing shall be subject to review and approval by the Shade Tree Commission.
- D. Where on-street parking is provided, trees, and tree accessories should be located as not to conflict with opening car doors or pedestrian access wherever practicable.

### § 169-12.3 Planting.

- A. Trees shall be planted in accordance with the *New Street Tree Installation Specifications* established by the Shade Tree Commission. Those guidelines shall be available from the office of the Administrative Officer and on the City web site.
- B. Tree pits should be as large as possible to allow for ample growing space for tree roots and crown. An ideal tree pit is four (4) feet by four (4) feet or greater, however, the overall width of a sidewalk can limit the size of the tree pit. The minimum width should not be less than two (2) feet and the length not less than four (4) feet.
- C. Planting strips should be considered wherever possible and are subject to approval by the Shade Tree Commission.

### § 169-12.4 Finishing.

- A. Tree pit guards shall be installed wherever possible. Guards shall be selected from the list Shade Tree Commission approved designs, and shall be installed in accordance with established standards.
- B. Tree pit guard shall not restrict the growth of the tree; raise the level of the soil around the tree; or pose a trip hazard to pedestrians.
- C. Tree pit guard shall not impede the flow of rainwater into the tree pit.
- D. Elevated curbing of any type around tree pits is not permitted. Such curbing is a tripping hazard and diverts the flow of stormwater from the pit.
- E. Where a tree pit guard is not installed, an ADA compliant tree grate is recommended in areas with considerable commercial and pedestrian activity such as Washington Street and areas surrounding mass transportation hubs. Acceptable grates shall have a life-span of 5-10 years and shall allow for radial expansion as the tree grows. The style and type of tree grate to be used shall be specified or approved by the Shade Tree Commission.

### § 169-13 FEES.

- A. There shall be an application review and permit fee of twenty-five dollars (\$25) for maintenance of existing tree, or for removal of a tree subject to section § 169-7.1. No application fee shall be collected for a permit for planting of new trees.
- B. Where the applicant is seeking a tree removal permit and replacement plan approval under subsection § 169-7.2, the application fee shall be two-hundred fifty (\$250.00) dollars in addition to all other fees required by the jurisdictional land use board.

### § 169-14 VIOLATIONS; PENALTIES.

- A. Each tree cut, damaged or destroyed in violation of this chapter shall be deemed to be a separate and distinct violation. Any person convicted of violating any of the provisions of this chapter shall be liable to a penalty of not less than two-hundred fifty (\$250.00) nor more than two thousand (\$2,000) per violation.

- B. In addition, the City may institute and maintain a civil suit in chancery for injunctive relief to enforce the provisions of this chapter. The City may also require the replacement of illegally removed trees with trees of similar species or appropriate contribution for same as set forth in other sections of this chapter.
- C. The Administrative Officer or any Code Enforcement Officer of the City, upon the direction of the Shade Tree Commission, may revoke a tree removal permit where there has been a false or misleading application or there is noncompliance with the approved tree removal and replacement plan.

## SECTION TWO: AMENDMENT

The following Section of the Municipal Code of the City of Hoboken, NJ is hereby amended. Additions shall be noted in underline; deletions as strikethrough.

### Chapter 34 (Subdivision of Land), Section §34-12. (Improvements):

- A.
  - (4) Shade trees: to be located on the street line so as not to interfere with utilities or sidewalks pedestrian egress, and shall be of the a type approved by the governing body or by the Planning Board approved by the Hoboken Shade Tree Commission, and planted subject to the Commissions approved *New Street Tree Installation Specifications*.

### Chapter 168 (Streets and Sidewalks):

#### §168-14. Care of trees on sidewalks.

The care and maintenance of trees now located, or which may hereafter be planted along any street, road, highway, or public right-of-way, is the responsibility of the owner of real property immediately adjacent to said street, road, highway, or public right-of-way, and is subject to the guidelines and regulations established by the Hoboken Shade Tree Commission as set forth in Chapter 169 of this municipal code.

- A. ~~Prohibited acts. No person shall do any of the following acts upon any street within the city without the written permission of the Director of the Department of Environmental Services:~~
  - (1) ~~Cut, trim, break, climb with spikes, disturb the roots of, spray with any chemical, remove or otherwise injure any living tree or shrub or injure, misuse or remove any structure or device placed to support or protect such tree or shrub.~~
  - (2) ~~Plant any tree or shrub.~~
  - (3) ~~Fasten any rope, wire, electric attachment, sign or other device to a tree or shrub or to any guard about such tree or shrub.~~
  - (4) ~~Close or obstruct any open space provided about the base of a tree or shrub to permit the access of air, water or fertilizer to the roots of such tree or shrub.~~
  - (5) ~~Place any building material within six feet of a tree or shrub.~~
- B. ~~Electric wires. Any person having control of any wires for the transmission of an electric current along a street shall, at all times, guard the trees through which or near which such wires pass~~

against any injury from the wires or from the electric current carried by it. The device or means used shall be subject to approval by the Department of Environmental Services.

C. ~~Interference. No person shall prevent, delay or interfere with any lawful work undertaken by the Department of Environmental Services or its authorized agents.~~

#### §168-15. Planting of trees along streets.

Any person desiring to plant trees or shrubs along any street, road, highway, or public right-of-way in the city shall comply with the following rules guidelines and regulations established by the Hoboken Shade Tree Commission as set forth in Chapter 169 of this municipal code.

A. ~~All trees coming from the nursery shall have straight stems of 2 1/2 to three inches in caliper or more, with single leaders, and shall be *Plantanus Orientalis* or *Acer Plantanoids* (Norway maple) with well furnished heads, branching a minimum of seven feet from ground and shall be subject to approval by the Director of the Environmental Services or his designated agent.~~

B. ~~Holes for the reception of the tree shall be opened five feet long, three feet wide and three feet deep. All debris coming from the holes shall be discarded and the holes filled with compost consisting of topsoil mixed with cow manure.~~

C. ~~Each tree shall be supported by two eight foot long cedar poles measuring two to three inches in thickness with the bark left on. The tree shall be fastened to stakes with heavy galvanized wire, and where wire passes around, the stem shall be protected by 1/2 in rubber garden hose.~~

D. ~~After soil is filled in around the roots, the tree shall be watered thoroughly to wash in soil.~~

E. ~~When holes are excavated through concrete or flagging in areas used by pedestrians, Belgian blocks shall be laid in sand joints, covering the top of the hole flush with the concrete or other material or sidewalk.~~

#### Chapter 196 (Zoning), Section §196-49. (Standards to be enforced.)

##### D.(Buffers)

##### (2) (Installation and maintenance.)

(a) To ensure proper protection for adjacent properties, the Planning Board shall approve density and species of proposed trees and shrubs a tree removal and replacement plan on advice and recommendation of the Hoboken Shade Tree Commission and subject to the guidelines and regulations set forth in Chapter 169.

#### SECTION THREE: REPEAL OF INCONSISTENT PROVISIONS

All Ordinances or parts thereof in conflict or inconsistent with this Ordinance are hereby repealed, but only to the extent of such conflict or inconsistency, it being the legislative intent that all such Ordinances or parts of Ordinances now existing or in effect, unless the same are in conflict or inconsistent with any provision of this Ordinance, shall remain in effect.

#### SECTION FOUR: SEVERABILITY

The provisions of this Ordinance are declared to be severable, and if any section, subsection, sentence, clause or phrase thereof for any reason be held to be invalid or unconstitutional by a court of competent jurisdiction, such decision shall not effect the validity of the remaining sections, subsections, sentences, clauses and phrases of this Ordinance, but shall remain in effect; it being the legislative intent that this Ordinance shall stand notwithstanding the invalidity of any part.

**SECTION FIVE: EFFECTIVE DATE**

This Ordinance shall take effect upon passage and publication as provided by law.

**SECTION SIX: CODIFICATION**

This Ordinance shall be a part of the Municipal Code of the City of Hoboken, NJ as though codified and fully set forth therein. The City Clerk shall have this Ordinance codified and incorporated in the official copies of the Code.

The City Clerk and the Corporation Counsel are authorized and directed to change any Chapter, Article and/or Section number of the Municipal Code of the City of Hoboken in the event that the codification of this Ordinance reveals that there is a conflict between the numbers and the existing Code, and in order to avoid confusion and possible accidental repealers of existing provisions not intended to be repealed.

**AMENDMENT AND EXTENSION OF  
CONSTRUCTION AND TEMPORARY EASEMENT AGREEMENT**

---

**BETWEEN  
THE CITY OF HOBOKEN  
AND  
THE NORTH HUDSON SEWERAGE AUTHORITY**

---

**DATED: NOVEMBER , 2012**

---

**RECORD AND RETURN TO:**

**FRANK COVELLO, ESQ.  
LEANZA & AGRAPIDIS, P.C.  
777 TERRACE AVENUE, SUITE 504  
HARBROUCK HEIGHTS, NEW JERSEY 07604**

**AMENDMENT AND EXTENSION OF CONSTRUCTION AND TEMPORARY  
EASEMENT AGREEMENT**

**THIS AMENDED EASEMENT AGREEMENT** made this            day of November, 2012 by and between **THE CITY OF HOBOKEN**, a Municipal Corporation, of the State of New Jersey, having an address at 94 Washington Street, Hoboken, New Jersey 07030, (hereinafter referred to as the "Grantor") and the **NORTH HUDSON SEWERAGE AUTHORITY**, a public body corporate and politic of the State of New Jersey, having an address at 1600 Adams Street, Hoboken, New Jersey 07030 (hereinafter referred to as the "Grantee").

**W I T N E S S E T H:**

**WHEREAS**, Grantor is the owner in fee simple of that certain real property located in the City of Hoboken, Hudson County, New Jersey, as more particularly described in Exhibit "A" attached hereto and made a part hereof, together with all improvements now or hereafter constructed thereon (collectively the "Property"); and

**WHEREAS**, Grantee owns and operates a wastewater treatment plant which can process wastewater at a flow rate in excess of 30 million gallons per day during wet weather events; and

**WHEREAS**, Grantee's wastewater treatment plant had been upgraded with three effluent pumps capable of pumping at a rate of 45 million gallons per day during wet weather events; and

**WHEREAS**, the originally constructed outfall pipe for Grantee's wastewater treatment plant, designed for a gravity and not pressure flow in 1954, limits flow through the plant to a rate of just in excess of 20 million gallons per day without risk of compromising the structural

integrity of the original outfall pipe; and

**WHEREAS**, rehabilitation and relining of the existing outfall pipe would allow an approximately 50% increase in flow through Grantee's wastewater treatment plant in wet weather events resulting in a commensurate decrease in untreated combined sewer overflow to the Hudson River (or streets of Hoboken); and

**WHEREAS**, in order to reconstruct its outfall pipe most efficiently and with minimum disruption to Hoboken streets and traffic, the Grantee must construct a temporary bypass pipeline to carry its clean and disinfected effluent only along the surface of a dirt path consisting of the road bed of the paper street known as Seventeenth Street, under the Willow Avenue and Park Avenue Bridges, and traversing Block 256 Lot 3 in Hoboken, Block 11 Lots 1&2 in Weehawken, Block 269.1 Lot 1 in Hoboken and Block 267 Lot 1 in Hoboken, owned by the Grantor, and which includes the site of the City's currently planned park construction project at 1600 Park ("By-Pass Pipeline") (see EXHIBIT B); **WHEREAS**, Grantee requires a temporary non-exclusive twenty foot wide easement over that portion of the Property traversed by the By-Pass Pipeline as more particularly described herein, at EXHIBIT B, for the right, privilege and authority to lay, install, construct, operate, inspect, maintain, repair and remove the By-Pass Pipeline; and

**WHEREAS**, the parties entered into a temporary non-exclusive Construction and Temporary Easement Agreement dated December 7, 2010, which expires on December 7, 2012, and traversing an entirely different area within the City owned property; and

**WHEREAS**, the timeline for Grantee's outfall rehabilitation project has been delayed and must be extended for an additional eight (8) month period; and

WHEREAS, the location of the temporary outfall rehabilitation project has been relocated to take into account the City's currently planned park construction project at 1600 Park.

**WHEREAS**, this extension agreement shall not exceed more than eight (8) months from December 8, 2012, or past the date of completion of the temporary outfall rehabilitation project, whichever occurs first.

**NOW THEREFORE**, in consideration of the sum of One Dollar (\$1.00) and mutual covenants and restrictions set forth herein and other good and valuable consideration, the parties hereto hereby agree as follows:

1. Grantor, its successors and assigns, hereby extends the duration of the non-exclusive temporary easement as described in the December 7, 2010 Construction and Temporary Easement Agreement (EXHIBIT C) for an additional eight (8) months, until August 7, 2013, or until the project is complete, whichever occurs first.

i. 2. All provisions of the December 7, 2010 Construction and Temporary Easement Agreement, including the covenants contained therein shall bind, and the benefits and advantages shall inure, to the respective heirs, executors, administrators, successors and assigns of the parties hereto, except as revoked by inconsistency herewith, and further subject to amendments to the original agreement as follows: Paragraph 1 is hereby replaced with: "Grantor, its successors and assigns, hereby grant to Grantee a non-exclusive temporary easement: 20 feet in width, as more particularly described in EXHIBIT B of the November 2012 Revised Agreement, attached hereto and made a part hereof, for the purpose of laying, installing and constructing the

By-Pass Pipeline and thereafter for the purpose of operating, maintaining, inspecting, repairing, altering, replacing and removing the By-Pass Pipeline (hereafter collectively referred to as the "Easement Area". This Agreement shall not entitle the Grantee to any rights to store and/or park materials and/or equipment on City property, other than exclusively within the Easement Area. Any such storage or parking of materials or equipment on City property outside of the storage area shall require a separate written agreement."

- ii. Paragraph 4 is hereby replaced with: "Grantee's rights hereunder are non-exclusive and Grantor shall have the right to: (1) perform planned construction and/or install sewer pipelines in the Easement Area; (2) grant additional, non-exclusive easements in, over, above, across or parallel to the Easement Area to one or more public utilities, municipal corporations, authorities, or private entities so long as the other easements do not unreasonably interfere with Grantee's use and enjoyment of the rights granted hereunder; (3) require cooperation from Grantee when needing to coordinate the construction, installation, or maintenance of its respective property and appurtenances thereto which are in, over, above, across or parallel to the Easement Area with any work being conducted by the Grantee, and require that such work being conducted by the Grantee does not unreasonably interfere with or delay Grantor's work within the Easement Area. In any instance where the Grantor and Grantee's construction timelines cannot be coordinated, it shall be deemed reasonable for the Grantor's construction

timeline to trump that of the Grantee. To the extent that any of the Grantor's activities result in a delay in the Grantee's construction timelines, Grantor agrees to extend the duration of this Easement Agreement by the number of days equal to such delay. Any person, except Grantor, who performs work in the Easement Area shall be required to take all reasonable and necessary measures to secure the By-Pass Pipeline from damage, and to repair promptly any damage done to Grantee's property,

- iii. Paragraph 5 is hereby replaced with: "Except in the event of an emergency repair, all work to be performed on the By-Pass Pipeline or Easement Area by Grantee shall be performed at such time and in such a manner so as not to interfere with the use and enjoyment of the Property, including the Easement Area, by Grantor, any future occupant or user of the Property, or any other easement holder, provided that the Grantee shall be allowed to perform any of its regularly scheduled work on the Pipeline during normal and customary daylight business hours, subject to any and all restrictions and prior approvals required herein. During an emergency repair, Grantee shall use its best efforts to insure that such work shall be performed in such a manner so as not to interfere unreasonably with the use and enjoyment of the Property, including the Easement Area, by Grantor, any future occupant or user of the Property, or any other easement holder."
- iv. Paragraph 7 is hereby replaced with: "Grantee acknowledges that the public may have access to a Public Walkway(s) over portions of the Easement Area

and Grantee shall take all measures necessary, as and when necessary, to insure the safety of the public on the Public Walkway(s). Grantee agrees that the public's use of the Public Walkway(s) shall be subject to the reasonable rules and regulations imposed by the Grantor, in the Grantor's sole discretion, to the extent permitted by law. Grantee agrees to absolve and indemnify the City of all liability, including without limitation, death and serious bodily injury, relating to or in any way resulting from the use and enjoyment of the Easement Area by the Grantee."

- v. Paragraph 9 is hereby replaced with: "Grantee shall not perform any act which would substantially interfere with the Grantor's use of the Green Acres encumbered property for current and/or future development for recreation and conservation purposes during the term and/or after termination of the within easement."
- vi. Paragraph 14 is hereby replaced with: "The Grantor shall have the right, but not the obligation, to entirely relocate the Easement Area, and any portion of the By-Pass Pipeline therein, at Grantor's sole cost and expense, provided that the same is technically feasible. In such event, the Grantor shall have the option of either (i) performing all work necessary to relocate the Pipeline and thereafter donate the By-Pass Pipeline to the Grantee; or (ii) reimburse Grantee for the costs incurred by Grantee in connection with relocating the By-Pass Pipeline. Notwithstanding anything to the contrary set forth in this Agreement, Grantee's rights pursuant to this Agreement are limited to the

continued maintenance of the By-Pass Pipeline as constructed until its wastewater treatment plant outfall is rehabilitated, and Grantee shall not extend, expand, alter or modify the Pipeline or the respective uses thereof, without the Grantor's prior written consent and prior written consent of the New Jersey DEP's Green Acres program, unless required to do so by the appropriate regulatory bodies (i.e. USEPA or DEP requirements), in which case the written consent of Grantor and the DEP Green Acres program shall be requested within seven (7) business days."

**IN WITNESS WHEREOF**, the parties hereto set their hands and seals the day and year first written above.

**CITY OF HOBOKEN**  
**ORDINANCE NO.:** \_\_\_\_\_

**AN ORDINANCE TO AMEND CHAPTER 30 ENTITLED  
"GIFT POLICY" TO PERMIT THE RECEIPT AND INSTALLATION  
OF A BLUE FORCE TRACKING ENCRYPTED AUTOMATIC  
IDENTIFICATION SYSTEM AND VEGA ELECTRONIC  
CHARTING SOFTWARE EQUIPMENT FROM  
THE PORT AUTHORITY OF NEW YORK AND NEW JERSEY  
ON THE HOBOKEN FIRE DEPARTMENT MARINE VEHICLE AND  
THE RECEIPT OF CERTAIN EQUIPMENT FROM  
RISK MANAGEMENT SOLUTIONS, INC.  
FOR THE HOBOKEN POLICE DEPARTMENT**

**WHEREAS**, pursuant to a previous resolution, the Hoboken Fire Department submitted to the City Council of the City of Hoboken a resolution with a Subgrant Agreement with The Port Authority of New York and New Jersey (the "Port Authority") for the purpose of obtaining funding for the purchase of a marine vehicle for use by the Hoboken Fire Department; and

**WHEREAS**, the City Council of the City of Hoboken passed such a resolution, accepting the terms of the Subgrant Agreement; and

**WHEREAS**, the Port Authority has offered to purchase for the City of Hoboken (the "City") Blue Force Tracking Encrypted Automatic Identification System and VEGA Electronic Charting Software Equipment (collectively, the "Equipment") that will be installed in the marine vehicle; and

**WHEREAS**, the purpose of the Equipment is to enhance the coordination of maritime security efforts among federal, state and local law enforcement agencies and improve situational awareness through electronic charting and interoperable command and control capabilities, including blue force tracking and text messaging using encrypted AIS technology; and

**WHEREAS**, Risk Management Solutions, Inc., having a business address of 121 River Street, Suite 1300, Hoboken, New Jersey, wishes to donate to the City 150 pairs of rain boots and approximately 100 flashlights with rechargeable batteries to be used by the Hoboken Police Department (the "Police Equipment"); and

**WHEREAS**, the purpose of the donation of the Police Equipment is to assist the officers of the Hoboken Police Department in their efforts of providing public safety to the community; and

**WHEREAS**, pursuant to the Local Lands and Buildings Law, specifically N.J.S.A. 40A:12-5, municipalities are required to enact an ordinance to allow for the receipt of property and capital improvements, including personal property such as the Police Equipment, the Equipment and its installation; and

**WHEREAS**, the City desires to receive the Equipment and permit its installation on the marine vehicle; and

**WHEREAS**, the City also desires to receive the Police Equipment;

**NOW, THEREFORE, BE IT ORDAINED** by the City Council of the City of Hoboken that Chapter 30 of the Administrative Code of the City of Hoboken shall be amended as follows (additions noted in underline; deletions noted in strikethrough):

### **SECTION ONE: AMENDMENTS**

#### Article 1 Gift Policy

##### § 30-1 Gift policy of the City of Hoboken

No officer or employee of the City of Hoboken shall directly solicit any gift or accept or receive any gift having a value of \$25 or more, whether in the form of money, services, loan, travel, entertainment, hospitality, thing or promise or any other form, under circumstances in which it could reasonably be inferred that such gift was intended to influence the officer or employee, or could reasonably be expected to influence the officer or employee in the performance of official duties or was intended as a regard for any official action on the officer's or employee's part. Unsolicited gifts or benefits of nominal value, such as complimentary articles offered to the public in general, and gifts received as a result of mass advertising mailings to the general business public may be retained by the employee or employee's department for general use if such use does not create an impression of a conflict of interest or a violation of the public trust. Unsolicited gifts of a perishable nature, such as food, may be donated to a nonprofit entity holding 501(c) status by the United States Internal Revenue Service. All other unsolicited gifts shall be immediately returned to the sender. This policy shall not be applicable to political contributions made pursuant to federal and state election law, provided said contributions are in full compliance with the City's Public Contractor Reform Ordinance, § 20A-11, et seq., of the Code of the City of Hoboken.

##### § 30-2 Effect of policy

This policy shall supersede any previous gift policy established by the City, including any employee handbook promulgated and distributed to City employees.

##### § 30-3 Penalties

Any violations of the foregoing policy shall subject the violator to appropriate discipline pursuant to the established policies of the City as well as the rules and regulations of the New

Jersey Civil Service Commission, and a report of the violation shall be transmitted to the Local Finance Board within the New Jersey Department of Community Affairs for review as a potential violation of the New Jersey Local Government Ethics Law, N.J.S.A. 40A:9-22.1, et seq.

**SECTION TWO: REPEAL OF INCONSISTENT PROVISIONS**

All ordinances or parts thereof in conflict or inconsistent with this Ordinance are hereby repealed, but only however, to the extent of such conflict or inconsistency, it being the legislative intent that all ordinances or part of ordinances now existing or in effect unless the same being conflict or are inconsistent with any provision of this Ordinance shall remain in effect.

**SECTION THREE: SEVERABILITY**

The provisions of this Ordinance are declared to be severable, and if any section, subsection, sentence, clause or phrase thereof for any reason be held to be invalid or unconstitutional by a court of competent jurisdiction, such decision shall not effect the validity of the remaining

sections, subsections, sentences, clauses and phrases of this Ordinance, but shall remain in effect; it being the legislative intent that this Ordinance shall stand notwithstanding the invalidity of any part.

**SECTION FOUR: EFFECTIVE DATE**

This Ordinance shall take effect upon passage and publication as provided by law.

**SECTION FIVE: CODIFICATION**

This Ordinance shall be a part of the code of the City of Hoboken as though codified and fully set forth therein. The City Clerk shall have this Ordinance codified and incorporated in the official copies of the Code.

The City Clerk and the Corporation Counsel are authorized and directed to change any Chapter, Article and/or Section number of the Code of the City of Hoboken in the event that the codification of this Ordinance reveals that there is a conflict between the numbers and the existing Code, and in order to avoid confusion and possible accidental repealers of existing provisions not intended to be repealed.
